# Make the Case

For the employee — everything you need to get approval from your manager or L&D lead.

## What Is the GJF Accelerator?

The Governance Judgment Framework (GJF) Accelerator is a two-week immersive program that prepares GRC professionals to earn CRISC, CISM, and CISA simultaneously — while developing the governance judgment those credentials are supposed to represent.

Most ISACA programs teach frameworks. This one trains practitioners to use them under real enterprise conditions: ambiguous evidence, organizational pressure, board-level stakes. The program uses the Cubelet AI governance simulator to build reasoning patterns that hold up in actual audit, risk, and governance work.

- 10 live days (9 AM – 5 PM CT) · cohort of 15 · virtual
- Three ISACA exam vouchers included
- One-year ISACA membership included
- 90 days of Cubelet simulator access post-program
- Up to 42 CPE hours · ATP-logged · ISACA certificate of completion

## Return on Investment

### COST COMPARISON

Option	Cost	What's included
<b>GJF Accelerator</b>	<b>\$8,995</b>	CRISC + CISM + CISA prep, 3 vouchers, 1-yr membership, simulator, 42 CPE
Three separate vendors	~\$10,485	Prep courses only — no cross-credential integration, no simulator, membership sold separately
Self-study (materials only)	~\$1,800	Review manuals only — 6–12 months, no live instruction, no judgment training

The GJF Accelerator saves ~\$1,490 vs. buying equivalent programs separately — and compresses 6–12 months of self-study into two intentional weeks.

### CREDENTIAL SALARY PREMIUM

Credential	Median salary (US)	Premium over non-certified peers
CRISC	\$135,000	+18-24%
CISM	\$148,000	+22-28%
CISA	\$125,000	+15-20%

**Re:** Training investment request — ISACA GJF Accelerator

I'm requesting approval for the Divergence Academy ISACA Governance Judgment Accelerator, a two-week program that prepares practitioners for CRISC, CISM, and CISA simultaneously.

**Why this program:** [Describe your current role gap or how these credentials map to your responsibilities.]

**Cost:** \$8,995 total — covering all three credentials, exam vouchers, ISACA membership, and 42 CPE hours. This is \$1,490 less than purchasing equivalent programs separately.

**Time commitment:** 10 business days (two consecutive weeks), virtual, 9 AM – 5 PM CT. I have identified [DATES] as workable and have a plan for coverage during that period.

**Outcome for the organization:** [Describe the business value.]

Vendor information and procurement paperwork are in Section 2 of this document.
